

Feraferia, a Love Culture for Wilderness

Feraferia promotes the love of nature, the "land-sky-love-body" of all wild. We take nature in the widest sense, to include ecology, physiology (human and non-human) and psychology.

Feraferia sees the Goddess as the most ancient deity of all humankind. To honor Her, we hope to serve the community of all life. At the same time, the unique deity we celebrate most is the young maiden Goddess, the laughing Girl Goddess, the Merrie Maiden - also known as Kore (pronounced kor-ee), from the ancient Greek. By her characteristic innocent grace, She allows for the freedom and joy of all.
